

CS-633

Production Case for 633

Manufactured by PortaBrace for Sound Devices, this production case was designed for use with the 633 Compact Field Production Mixer.

Front pocket provides space for wireless receivers and/or NP-1 battery. The bottom panel opens and expands to provide access to rear-mounted L-Series batteries.

Included:

- CS-633 Production Case
- Nylon Handle Strap with Metal Clips
- Heavy-duty Suede Handle

Features

The production case is made from durable Cordura, padded with internal reinforcements for shock resistance, durability, and temperature insulation.

Other features include:

- Divider/compartiment insert for securing wireless transmitters or receivers separate from other gear.
- Large side access openings with drawstrings.
- Accessory compartment for wireless transmitters, receivers, or batteries.
- Quick trap door access to rear-mounted L-Series batteries.
- Includes removable windowed cover.
- Velcro pocket provides convenient storage and presentation of cue sheets, etc.
