

CS-302

Production Case for 302 Mixer

CS-302 shown with 302 and RM-multi (not included)

The CS-302 is a high-performance production case designed for the 302 Compact Mixer. Intended to be used during operation, the CS-302 holds the mixer, an external battery, and can accommodate PortaBrace RM-series accessories. The CS-302 is built for Sound Devices by PortaBrace

FEATURES

- ◆ Easy access to front panel mixer work surface
- ◆ Full length side-exit cable routing access
- ◆ Pouch below mixer for NP-type battery or microphone storage
- ◆ Clear windowed cover for viewing meter during covered operation
- ◆ Can accommodate RM-multi and RM-deluxe accessory pouches to hold wireless transmitters or receivers (RM-accessories sold separately through PortaBrace dealers)
- ◆ High-quality padded leather shoulder strap
